

American Chamber of Commerce and U.S. Embassy Belize

Press Release

April 29, 2004

The United States Embassy and the American Chamber of Commerce welcome **Innovative Communications Corporation (ICC)** to Belize and congratulate it on its acquisition of Belize Telecommunications Ltd., the largest single financial transaction in Belize's history.

ICC is an experienced telecommunications and media company with extensive operations in France and the Caribbean basin, including Guadeloupe, Martinique, Saint-Martin/Sint Maarten, and the U.S. and British Virgin Islands.

We welcome ICC's commitment to build a state-of-the-art infrastructure and telecommunications system that will enable Belize to develop economically.

We look forward to ICC having a beneficial partnership with BTL, its employees, and the Government and people of Belize. We are confident that ICC will continue in the BTL tradition of giving back to the community.

We have been assured that ICC is impressed with the caliber of BTL employees, is committed to the principle of job security, and will select a Belizean as BTL's new CEO.
